

PENTAX Accessories

The right decision

Welcome to PENTAX

We are pleased you have chosen the PENTAX programme of quality accessories. Here you will find system components which are finely tuned to your PENTAX endoscope. Whether you need a replacement part or accessories for your PENTAX endoscopy system, you have come to the right place.

PENTAX

Content overview

To make it as simple as possible to use the PENTAX Accessories Programme, we have divided the programme into three sections, each with a separate brochure. The brochures have been colour-coded for differentiation purposes.
